
Newly Redesigned Client Portal

Access Your Information Online. Anytime. Anywhere.

The CentralReach Client Portal, your therapy practice online hub, has been redesigned and now provides you a refreshed and streamlined look & feel to help you easily navigate your information, access your files, view appointments, sign provider timesheets, view your invoices and securely communicate with therapists and staff members.

Files
Easily preview and download your evaluations, progress reports, session notes, medical records, authorizations & documents.

Schedule
View all your scheduled appointments and manage your availability via your Profile.

Billing
The Billing menu has been redesigned and provides you with new options to easily filter your invoices, timesheets, and your unsigned timesheets.

Messages
Communicate with service provider staff members and therapists and opt-in to email or text message notifications via your Profile to stay on track of any account updates.

Clinical
Your Learning Trees & Sessions will now be housed under the Clinical menu within the main navigation bar for quick and easy access.

Team
All your contacts are now under the Team menu, a new directory that includes your therapists' and staff members' contact information.

Check out the Client Portal today and bookmark the login page on your computer and mobile devices to quickly access it whenever you need to!
